Problem Statement:

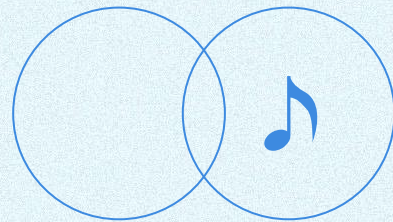

- Music streaming platforms prioritize consumption over community
- No dedicated platform for fans to review and discuss music

-> B-Side offer communities & give listeners a voice in music criticism and discovery

Problem Statement

- Music streaming platforms prioritize consumption over community -> no meaningful social interaction around music
- Film (Letterboxd) or books (Goodreads), but no dedicated platform for fans to review and discuss music

-> B-Side would offer communities and give listeners a voice in music criticism and discovery

Home Page

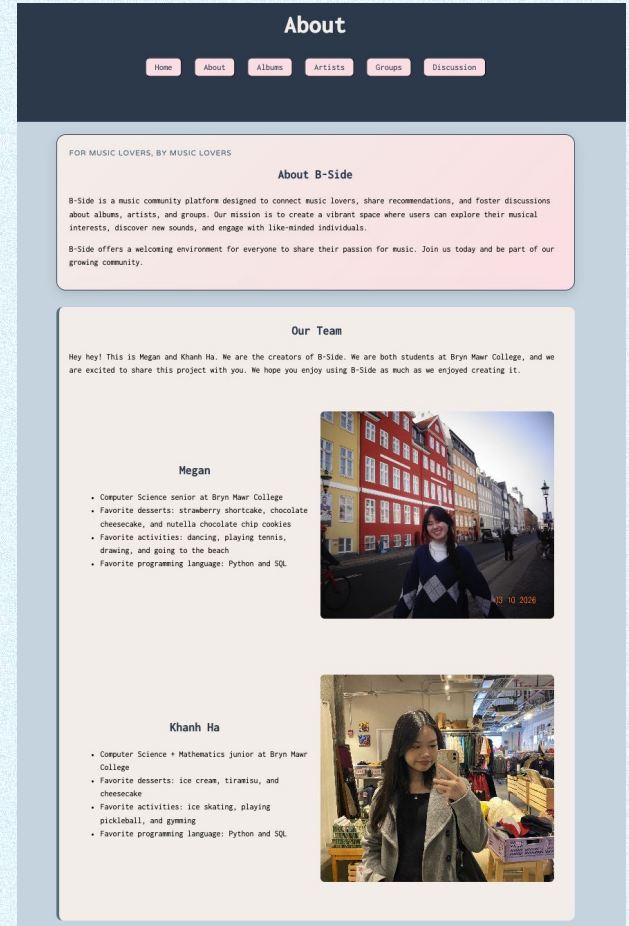

- B-Side is a community-driven music platform where users can discover albums, explore artists, join groups, and join discussions
- The home page gives a brief overview of each section to orient new visitors
- The design has a retro, playful feel using a soft blue-grey and pink palette and Peanuts character illustrations themed around music

About Page

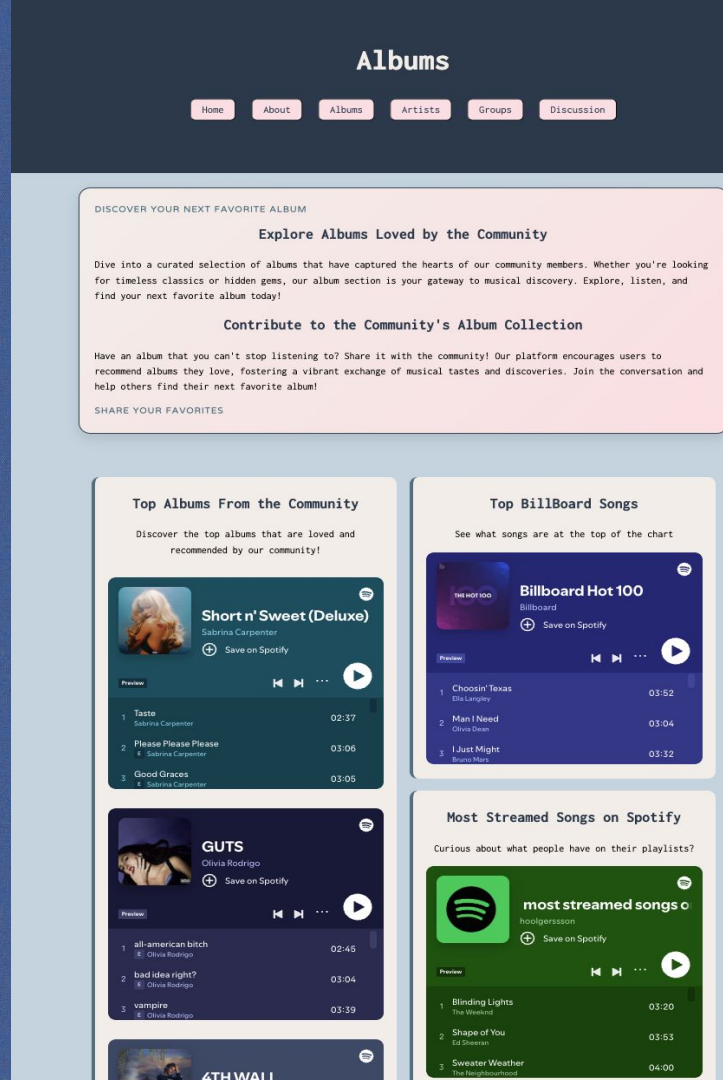

- The About page introduces B-Side's mission and us - student creators.
 - Each creator has a personal profile with fun facts about their hobbies, favorite desserts, and programming languages
- > Giving the site a personal and approachable feel

Albums Page

- The heart of B-Side's music discovery experience, showcasing community-loved albums and chart data all in one place
 - Users can browse:
 - Top community-recommended albums
 - Real-time Billboard Hot 100 rankings
 - Spotify's most streamed songs
- > Easy to find something new to listen to

DISCOVER YOUR NEXT FAVORITE ARTIST

Artists

Explore our community's favorite artists, share your own favorites, and discover new music together. Whether you're into classic rock, indie pop, R&B, or other genres, our artist section is the perfect place to connect with fellow music lovers and find your next favorite artist.

Featured Artists

Check out some of the most popular artists in our community!

Artist Page

- The Artists page lets users explore and share favorite artists across genres
- The featured artists section highlights community favorites, including Celine Wanyi, Juliet Ivy, and Olivia Rodrigo

Groups Page

- Organizes the community into genre-based spaces: Rock, Pop, Hip-Hop, Jazz, Classical, K-Pop, and R&B
- Clicking into a group, like Hip-Hop, brings up a dedicated page with a featured artist, a post creation tool for starting threads, and a live feed of recent community discussions

DANCE TO THE BEAT!
